
*BOY FROM BRAZIL: TRASH! BOOM! BANG!

TRANS SOLAR RECORDS .019 *4-Track 12inch/MCD

„TRASH! BOOM! BANG!“ is the debut release of one man band BOY FROM BRAZIL. The 4 track EP will be out in September 2003 on Berlin,s TRANS SOLAR RECORDS on vinyl and cd. The EP contains two electrockabilly sex fueled tracks „Pocket Rocket Queen“ and „Rubber & Fur“ to make your panties wet (assuming you wear them). There is also a cover of Gainsbourg,s „Le Claqueur de Doigts“ (or „Jukebox“ for those of you who can` t pronounce those fucked up French words). Imagine Serge swinging to the beats of Kraftwerk at the Milk Bar. To top it off there is a ten minute stoogian suicidal sonic assault titled "2-0-0-1-ok" that`s worth every terrifying second.

BRIEF HISTORY: In the winter of 2001, in the bowels of the city of Berlin, the Boy From Brazil was brought to life. With sub zero temperatures outside and little fresh air or natural light, the Boy (also known as Razi), locked himself into a stuffy basement with little more than a Macintosh and a vision, and emerged with a sexy, throbbing, and psychotic sound: the future of rock and roll. Digging through the filthy debris of previous musical eras-50`s rockabilly, 60`s instrumentals, German electronic, 70`s porn soundtracks, french pop, disco punk, and „Please Kill Me“ bands, he developed a unique sonic scramble of pure and provocative music.

In the late 1990`s the Boy toured the world recklessly as front man and founder of hedonist trash band the Golden Showers (Reptilian Records). Before that he played bass (a.k.a. Iznogood) with the French/German pop phenomenon Stereo Total (Bungalow/Kill Rock Stars). Somewhere in between he formed a group Give Up (Digital Hardcore/Grand Royal) with Shizuo and Anika Trost (Cobra Killer) and toured the US as support for Atari Teenage Riot. He also has had an ongoing collaboration with former Golden Showers, bass player and now Electrocute (Emperor Norton) member Nicole Morier.

Boy From Brazil over the past year has already made quite an impact playing Berlin and London building an impressive fan base including friends Peaches, Electrocute, and the Yeah Yeah Yeah`s, the latter of whom have asked him to open up for some shows on their European tour. He toured Europe already last year with velvety underground rockers The Subsonics (Atlanta, Georgia) and you can now look forward to more shows this fall with an amazing video show by VJ Safy Sniper and a wild live performance that can top the best of Berlin`s infamous acts.
